Joseph J Kassas

Objective

To secure a full-time position within a team oriented company where performance is recognized and quality is equally regarded as quantity. Ideally, a work environment which affords me the opportunity to work outdoors and a relationship where my skills and abilities will be mutually beneficial to my fellow workers and the company.

Experience

20+ years directly related to the maintenance, repair and inspection of diesel powered engines, including, but not limited to trucks, marine and locomotive. A majority of my experience has been within the transportation industry. For the past 7 years my experience has been with an equipment rental company and in the construction industry involving equipment and vehicles associated with those businesses.

Summary of qualifications

Bumper to bumper inspections, MIG welding, hydraulic hose fabrication. Diagnose & Repair: hydraulic & air brakes, electrical 12 & 24 volts, 2 cycle & 4 cycle small engines. Ability to work independently and as part of a team. Time management, inventory control, personnel supervision, shipping and receiving.

Employment

Diesel / Road Mechanic

- Road and shop repairs of light and heavy duty construction equipment, including but not limited to: excavators, front-end loaders, crushers, screeners and paving machines. General maintenance of all equipment and company owned vehicles.
